

CLARKE COURIER

JOHN O. CROWN,
Editor and Proprietor.

WEDNESDAY, AUG. 30, 1899.

Announcement

To the Voters of Warren and Clarke:
I respectfully announce myself a candidate for the office of Member of the Virginia House of Delegates, to represent the district composed of the counties of Clarke and Warren, subject to the action of the democratic convention, to be held pursuant to the law.

Respectfully,
ROBERT BROCKET.

Ex-Speaker Reed has sent to the Governor of Maine his resignation as a member of the next House of Representatives. Mr. Reed will be missed as the leader of the republicans in the House. His strong will and power to control the members of his party will hardly be inherited by his successor as Speaker. The ex-Speaker was roundly abused by his opponents as a "Czar" for counting a quorum when those present would not vote in order to prevent legislation, but after counting as present a number of the members of his own party who would not vote to seat Congressman Tucker, though a majority of the committee reported in his favor, democrats did not think this rule as harsh as it seemed at first, because it confirmed the title of Mr. Tucker to his seat. Had Mr. Reed, instead of Mr. McKinley, been the republican nominee for President in 1896, it is believed we would not now have our government engaged in the bloody task it bought for \$20,000,000 in the Philippines. He, instead of Mark Hanna, would have dictated the administration's policy.

The trial of Dreyfus at Rennes, France, furnishes to the outside world an insight to the manner in which such cases are conducted in that country. Witnesses are permitted to appear at will to reiterate or deny a statement; they are allowed to decline to answer questions put to them by opposing counsel; they present beliefs as testimony instead of knowledge of facts, and they fill the record with hear-say utterances. An American court rejects at once hear-say statements. The prisoner is treated as if he were guilty, and is called upon to prove his innocence. And then the lie is passed quite frequently to interest, it is supposed, the spectators. If the prisoner does not break down under the mass of rubbish introduced as testimony against him it will be remarkable. In M. Labori, who has again appeared to take part in the proceedings, the accused has an able defender. Gen. Mercier, who seems to be the chief prosecutor of Dreyfus, has been several times so completely cornered by Labori that he had to seek shelter under silence.

In Northampton county last week a primary election was held to ascertain who was the choice of the people of that county for U. S. Senator, and Gov. Tyler won, it is reported, by 800 majority. We believe this is the first county where the people were allowed to express their preference—the politicians in most of the other counties determining this matter to suit their peculiar and selfish interests. So far as the COURIER is concerned it will not champion the cause of either of these senatorial candidates, but it heartily favors a primary election law that the people may be given the right to say who is their favorite. The warfare for such a law has just begun, and the methods adopted to throttle popular sentiment has strengthened the cause, and it will not "down" at the bidding of those disposed to ignore popular rights.

In Shenandoah county the democratic party is so badly divided that it has two executive committees and two county chairmen, and each wing has nominated a candidate for the Legislature. One of them nominated Josiah L. Stickley, and declared for senatorial primaries, including an endorsement of Gov. Tyler for Senator, the other nominated Jared L. Teller and declared for better election laws and fewer elections. Both conventions endorsed the Chicago platform and condemned what is called the land-grabbers law. The candidates named are said to be popular. Why not have a primary election in that county to decide which of the two candidates shall receive the support of the entire party?

The democrats, populists and silver republicans of Nebraska nominated a fusion ticket, the populists getting their choice in the dish of "hash" prepared on this occasion. All of the conventions adopted the 16 to 1 silver issue. Col. Bryan, it is said, addressed each convention and brought about the fusion ticket.

Virginia Senatorship.

Intimate friends of Governor Tyler in Richmond are inclined to concede that he is defeated for the senatorship. His want of organization and the fact that he came out so late the Governor's friends think, made it impossible for him to win. Those who have been most active in the management of the Governor's campaign say the only hope for his success was to have made a red hot Tillman fight. This they think would have assured success, but without a campaign conducted in such a way Senator Martin's perfect organization in every part of the State made the chances of successful opposition very uncertain. The opposition admit they were without organization and but little method was observed in making the fight. On the other hand they assert Mr. Martin had the most perfect organization ever known in the State.

Under these circumstances Governor Tyler's friends, who are thoroughly informed of all the phases of the fight, are not surprised at the result. Indeed, they say, it would have been very surprising if their favorite had developed more strength in the primaries and county meetings. It is insisted the Governor's fight has not been in vain. While he will go down in defeat, as one of his very closest friends says, "the political death of a politician, after all, means but little." They contend the campaign has done much towards strengthening the cause of the selection of Senators by popular vote. The Tyler people will have a following in the Assembly which will form the nucleus of a movement which may bring about important results along this line. They can, however, only stir up the Martin majority to action. It is expected now that the friends in the Legislature of the junior Senator will have adopted a vigorous resolution instructing Virginia's Senators to vote for and do all in their power to bring about the amendment to the Constitution which will require Senators to be elected by popular vote.

Hon. W. A. Jones was in Fredericksburg last week. Mr. Jones has lost none of his ardor in his advocacy of the primary plan for electing United States Senators, which, he says, he is confident will be adopted in Virginia. He says he is for Tyler because he is the exponent of that movement and the best man of the two candidates for Senator.

Senator Thomas S. Martin stated last week at Roanoke that the senatorial contest between himself and Governor Tyler was no longer a matter of doubt. He says that returns from various cities and counties in the State and facts and figures already in his possession show that his election is certain. The only question, he says, that remains to be settled is the extent of his majority. He claims good grounds for carrying southwest Virginia, Governor Tyler's stronghold.

The announcement that the two aspirants for the United States Senatorship have agreed to write letters declaring that they will not use nor permit their friends to use any money in the campaign in Culpeper is regarded as one of the most significant features of this contest. It is probably the first time in the history of the country where two candidates for United States Senator have entered into a compact not to use money for the furtherance of their interests in securing the coveted honor. It is quite probable that this incident will furnish a suggestion which may lead to a movement for the enactment of a law intended to prevent the corrupt use of money in political campaigns.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but she who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions, and a general deterioration. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. W. Blencoe's Drug Store.

At a conference at Bristol Saturday between Governor Tyler and Attorney-General Montague, of Virginia, and Governor McMillin and Attorney-General Pickle, of Tennessee, touching the boundary line between the two States, it was agreed that Attorney-General Pickle should in October petition the United States Supreme Court for the appointment of commissioners to review and re-mark the lines. The conference was in every way satisfactory.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption. I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at C. W. Blencoe's Drug Store; every bottle guaranteed.

Governor Tyler has commuted to imprisonment for life the sentence of Thomas W. Price, who was to have been hung at Farmville on September 5, for murder.

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not and when stomach, Liver, Kidneys and Bowels are out of order. If you want Dr. King's and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at C. W. Blencoe's drug store.

Commissioner of Agriculture Koiner has received inquiries from New York parties, who desire to lease lands in Virginia to be used as sheep ranches. The commissioner has been urging the farmers of this State to give more attention to sheep husbandry. He says this branch of farming is very profitable now, and that Virginia can feed hundreds of thousands of sheep on land that is not bringing the farmers any revenue, and that the scarcity of cattle in the west will advance the price of sheep still higher in another year. The commissioner regrets the want of means in the department of agriculture to print a bulletin on this subject, and put it in the hands of every farmer in the State.

A Sure Thing for You.
A transaction in which you cannot lose is sure. Cures all kinds of skin diseases, such as Boils, Eruptions, Itch, Headache, Ringworm, Scabies, Chapped Hands, Chills, Burns, Scalds, Ulcers, Pains, and Aches. Only 25c. a box. Cure guaranteed. Sold by C. W. Blencoe, Druggist.

The corner stone of the monument to be erected at Parkley, Accomac county, in honor of the memory of the Confederate soldiers from the Eastern Shore who fell during the war, will be laid Thursday by Chesapeake Lodge of Masons.

Volcanic Eruptions
Are grand, but Skin Eruptions rob life of joy. Bucken's Skin Salve cures them; also, Old Running and Fever sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chills, Best Eile cure on earth. Drives out Pains and Aches. Only 25c. a box. Cure guaranteed. Sold by C. W. Blencoe, Druggist.

Because Emmet Smith smiled at Emily Purvis, the 19 year old sweetheart of Fletcher Yancey, the latter nearly killed Smith with a flatiron in Norfolk last week. Yancey, who is 17 years old, was sent to jail.

Casarets and Candy Cathartics are the most wonderful medical discoveries of the age. They act directly on the bowels, expelling the entire system, displacing bile, curing constipation, liver, biliousness, headache, and all kinds of ailments. Please buy and try one of C. C. C. casarets. 10c, 25c, 50c. Guaranteed to cure by all druggists.

Mr. John T. Loving has written to a friend from Pulaski, Va., that he is in the race for the House clerkship. He has been one of Col. Bigger's assistants for several years.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that State, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by W. Richardson, druggist.

General James A. Walker says southwestern Virginia is in a more prosperous condition than ever before.

Two Millions a Year.
When people buy, try, and buy again, it means they're satisfied. The people of the United States are now buying Casarets Candy Cathartics at the rate of two million boxes a year and it will be three million before New Year's. It means merit proved, that Casarets are the most delightful bowel regulator for everybody the year round. All druggists 10c, 25c, 50c a box, cure guaranteed.

Dr. James A. Duncan has officially declined the presidency of Randolph-Macon College.

WHAT MORE DO YOU ASK?—On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate its great merit. Full size 50 cents.

ELY BROS., 56 Warren St., N. Y.
Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone. —W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

English sparrows and blackbirds are riding Norfolk county farmers of the army worm pest.

IT SAVES THE CHILDREN.—Chamberlain's Cough Remedy has saved the lives of thousands of croupy children. It is also without an equal for colds and whooping cough.

William M. Strother, of Lynchburg, president of the Strother Drug Company, is dead.

Educate Your Bowels With Casarets.
Candy Cathartics, cure constipation forever. 10c, 25c. If C. C. C. fail, druggists refund money.

Preserved Soap Bubbles.
If one wishes to make soap bubbles which will last several days, prepare the following mixture in a room where the temperature is not lower than 65 degrees. Dissolve at a gentle heat one part of castile soap, previously cut into thin shavings, in 40 parts of water, distilled, if possible, and when the solution is cold, filter it.

Having done this carefully, mix in a bottle by violent and persistent shaking, a little at a time, two parts of glycerin with three parts of the above mentioned solution of soap and allow it then to stand where it will not be in the way of dust. The liquid, which is at first clear, soon becomes turbid. After a few days a white precipitate will have risen to the top of the liquid, leaving the remainder clear. Draw off the clear portion with siphon (a bent tube) and keep it for use. To use a siphon it is necessary first to fill it and then to plunge the shorter arm into the liquid to be drawn off.

This mixture is called glycerin liquid. The film it forms is of such strength that a bubble four inches in diameter may be kept in the open air of a room for three hours if supported by a ring of iron or bone an inch and a half in diameter or allowed to rest on some soft woolen fabric. If placed under a glass shade, it may last as long as three days. If filled with tobacco smoke, it looks very much as if it were solid.—Boston Transcript.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumpston, Gilmer Co., W. Va. For sale by W. Richardson, druggist.

PUBLIC SALE

—OF—
Valuable Machinery.

By virtue of a deed of trust executed by T. Lovett to the undersigned trustee on the 10th of Nov., 1897, and recorded in the Clerk's office of the county court of Clarke County, in Deed Book V, page 84, for the purpose of securing a debt of \$820 to the Hydraulic Press Manf. Co., of Mt. Gilgoad, O., for the purchase price of said machinery, and upon the request of the beneficiaries, default having been made in the payment of said purchase money, according to the terms of the trust there being \$820.32 yet due, I will offer for sale at public auction, to the highest bidder, at the Steam Roller Flour Mills, formerly managed by T. Lovett, near the N. & W. R. R. Depot, in Berryville, Va., on

Thursday, September 21, 1899,
at 12 o'clock m., the following valuable personal property, to-wit:

1 Hydraulic Oiler Mill Press,
1 Set Racks and form, 1 Set Clothes, 1 power pump attachment with box complete, 1 grater frame and chute with guides for cheese, 1 Ohio apple grater, 1 South Allen Separator, (8-horse power), 1 apple butter cooker, 1 track shifter, 1 drop head, 1 eulender, 1 line shaft and pulleys, and all other machinery conveyed by said trust. The machinery is in first-class condition, and is practically new not having been used but two seasons.

TERMS.—Cash.
E. M. BUSHONG, Trustee.
